DETAILED ACTION

The indication of allowable subject matter in claims 9 and 11-16 is withdrawn.

Claim Rejections - 35 USC § 112

1. Claims 9 and 11-16 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: the drying step which includes drying the photosensitive layer coating solution over a certain temperature range and a drying time over a certain range of time in seconds. This step is essential to claim 9 and those dependent upon it. The drying under reduced pressure step is in addition to the drying at the specific degree and for certain amount of time. The drying times and temperatures are essential to applicant's invention and must be included in the claims.
2. Claims 1 and 3-8 contain allowable subject matter.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Barbara Gilliam whose telephone number is 571 272-1330.
